In Spite Of The Rain

This year the West Leyden Knights broke their Homecoming jinx by beating Willowbrook 20-15. Despite the continual rain and poor playing conditions, the Knights were consistent and victorious. Valerie Peterson, who reigned over the festivities, presented the game ball. During halftime the senior float, "Weep for Willowbrook," was awarded first place. The Junior float came in second with Girls Intramurals coming in third. The dance, "Love Is All Around", took place in the evening.

Administration

The administration is continually looking for ways to improve West Leyden. Several ideas have come from committees working on certain problems in curriculum, scheduling, and the number of failures. There are student representatives on these committees.

A modified form, of modular scheduling will be used at West Leyden next year. Students can start school at three different times: eight, nine, or ten o'clock. Early release time will be at 1:35 or 2:35.

Courses are becoming more interesting and relevant. Hopefully, students will take advantage of the different types and fields of courses.

Apex Strives For Excellence

Apex, Appropriate Placement for Excellence, was on trial basis and it will continue to be used next year. "The purpose of Apex is to improve student motivation for learning the skills and concepts in the discipline of English. By allowing students to take specific courses they are interested in we hope to increase their motivation for learning," stated Mr. Tweed, the department head.

Apex is for Sophomores, Juniors, and Seniors. Freshmen take a required year long course. This includes communication skills, general orientation, and literary concepts.

There are three steps to determine specific courses. The first step is to give to each student a Student Interest Inventory Sheet. This lists the courses which may be given next year. A student chooses four according to taste and returns it to his teacher. The top 30 selections and an additional 5 courses which the department thinks would benefit the student are then offered. Pre-registration sheets are handed out, and students again choose 4 courses according to preference. Courses attracting too few are dropped. The third and last step is for each student to register for the following year's classes.

Courses are grouped according to the degree of difficulty. These range from one thru five. Students choose on their own. If however, a counselor feels a student needs a course, she can try to pursuade him to take it.

Some of the courses offered in the 1971-1972 year were "Creative Writing" and "Film Making". These range from grammar to literature enrichment.

Social Studies

The social studies department's main objective is to assist the students to better understand themselves and the world in which they live.

A greater usage of field trips was planned and carried out for the enrichment of the students. It is hoped that these trips will make history relevent to the students' lives and help them to understand the similiarities between the past, present, and future of the world.

Mathematics

The department hopes to increase the number of students in mathematics courses in the following years. It is in the midst of enlarging its selection of courses. Included in the new curriculum will be: "Probability and Statistics," "Selected Advanced Topics in Mathematics," and an experimental course in transformational geometry. These courses are designed for those students in higher math.

The Wang computer is being used a great deal by the math and science departments. The computer is used mainly by the compro class, a one semester course in computer programming.

There will be more one semester courses added next year which will meet the one year math requirement for graduation.

Skills classes use a math laboratory approach. Hopefully, this increases the interest of these students and their knowledge of the fundementals of mathematics.

Science

The science department's major aims are to teach each person to become a better consumer and citizen and also to stimulate an interest in the sciences. Some courses are designed to help students prepare for college.

This department went on numerous field trips. In the fall and spring there were organized camping trips. Students, before going are required to have a research topic and experiments to do. Some of the topics are geology, fossils, plant distribution, the mapping of a lake and its depths and the mapping of a gorge dug out by the Illinois River. These trips are usually from 3 to 5 days. Back at school, they categorize their information and put it into a report. These students work independently and accomplish much. On the average, about 20 students go on these trips. Other trips open to the whole department and with no pre-requisites are to the district and state fairs and to museums.

Music And Art

The music department offers a wide variety of subjects. These range from beginning to advanced courses. Included are bands, choral groups, and a course in music theory. These participate in many school and area functions. These groups perform at the fall, Christmas, and spring concerts.

The art department, through many different techniques, hopes to strengthen the student's awareness of art in daily life. Art I has been revised so that there will be a uniformity of instruction. The recording of instructions and film strips are being used to fulfill this purpose. A "Craft Activity" unit was used on all levels of instruction. The ceramic classes stressed sculpturing more than they had in past years.

Business Education

The objective of the business education department is to help students manage their personal life — economically and socially, and to develop a job entry skill in one or more areas.

The state requires that all students have an opportunity to learn about certain consumer-interest area: budgeting credit, and installment buying. This is being strongly stressed. Some new courses were assigned for skill improvement, others for personal use. These include Advanced Typing and Business Law.

Girls' Physical Education

The girls' physical education department has started using a selective program for the junior and senior levels. They are now able to choose which actvities they enjoy the most. Some of these are golf, fencing, co-ed volleyball, social dance, and slimnastics.

The department is also trying to offer ice skating and outdoor education where the girls learn how to camp in the woods.

They hope to create more enthusiasm and interest in physical education through this program. It also helps the girls make better use of their leisure time because most of these sports can be played out of school as well as in school.

Special Education

"To educate the exceptional child from his present level of functioning to a higher level where he may be self-sufficient upon graduation is the major aim of the Special Education Department," said Mr. Racich, the department head.

The curriculum tailors the programs to the very individual problems of each child. All the work is presented on the academic level of the child who is in need of specialized help. The traditional equipment is being used: language master, tape systems, and talking books.

The department is in the process of developing the pre-vocation home-economic complex. This should be complete before the 72-73 school year.

UNDERCLASS

THIS IS THE PLACE TO BE THIS IS THE PLACE TO BE

The united class of '73 really got it together with sponsors, Miss Barbara Goranson and Mr. Glenn Carson. (On November 21, 1971, they became Mr. and Mrs. Carson.) The enthusiastic junior class were in charge of the concession stand at all home football games. Their colorful homecoming float took second place with the theme, "Give 'em the Go-Round." The money raised by their efforts, through dances and other activities went to finance the '72 prom and senior gift. The juniors have always shown a lotof school spirit. They attended and participated in all sport.

JUNIOR ADVISORY COUNCIL **BACK** — Debbie Maskeri, Angela Erl, Ellen Newton, Terri Louck. **ROW 3** — Kathy Kvistad, Lori Holmgren, Janice Ray, Janice Soukop. **ROW 2** — Penny Edwards, Debbie Griswold. **ROW 1** — Carolyn Brieschke-treasurer, Maria Vasquez-president, Geri Ryan-secretary, John Delort-vice-president.

Sophomores' Selling Power

The sophomore class showed a lot of zest as they really got things done. Their Pancake Day was an enormous success. It was held in the spring of 1971, and was only the beginning of their fund-raising activities. Their candy store brought happiness to quite a few sweet-toothed people from 3:30 until 3:55. The sophomore class also sold calendars that indicated what schedule we followed on that particular day. The sophomores are saving money for next year's prom.

Freshmen Decide This Is The Place To Be

As the newcomers to West Leyden, the freshman class experienced a lot of joy and happiness as well as sadness and pain. They found that high school was more hectic than grammar school. More is expected of them in high school. The freshmen learned a lot about the tradition, such as homecoming, Charlie Brown Day, Turnabout and Senior Ditch Day. The freshmen seemed to be devoting themselves to study and finding their way around the building.

Student Council is a very active club in West Leyden. It is made up of student representatives. Through their efforts, the coke machine was put back in the cafeteria and more benches were put in the inner court.

Other activities include, the Christmas concert, the first assembly, and biggest of all, Homecoming. These few students work hard for all others in West Leyden.

Key Club is a service to the school and the community. The boys are used as guides on Parent Teacher nights and sell Peanuts for Kiwanis on their annual Peanut Day. International conventions are held several times during the year while the regular meetings are held at West Leyden on Thursday nights with refreshments afterward. This year the Key Club bought an ecology flag which is flown in front of West Leyden.

Science Club

Science Club deals with scientific experiments and projects. Out of school the members test field techniques and theories on field trips such as to Pere Marqurette State Park.

In the Science Club there are no officers presiding over the other members. In the past, work has often been left strictly to the officers; this year a different person presides over each meeting. This technique is used so that jobs are then dispensed with more equality.

Social Studies Seminar

Social Studies Seminar is the place to be if one enjoys participating in lively discussion of social issues. In SSS, students are given a broader background in the various aspects of the world today.

Students and faculty took field trips and museum tours several times during the year. The schedule is planned by the club's sponsor, Mr. Larry Crippin.

This year, SSS was able to take an overnight tour to the Henry Ford Museum and Motor Company in Michigan as well as their annual trip to Springfield. SSS presented the films, **Interviews with My Lai Veterans** and **A Plague on Your Children.** Other activities included slide lectures by faculty members like Mr. Sisco's, on his recent trip to Russia.

Shield Staff

This is the place to be, putting pictures together, typing copy, planning layouts, all the aches and pains it takes to be a member of the yearbook staff. These are the few individuals who take all the school memories, histories, laughter, and tears to compile them into the West Leyden **Shield.** Editor-in-chief Carolyn Czupowski, sports editors — Debbie Maskeri and Donna Wilson, underclass editors — Janet Chelmowski and Debbie Suess, activities editors — Paula Rudny and Sheila Bridges and senior editor Lynn Jamroz plus all the staff members stay late and work hard to put out the yearbook.

Lancer

The **Lancer** staff works hard to put out a bi-monthly school newspaper, making paste-ups, taking and printing pictures, and writing and fitting copy. A new addition to the **Lancer** is Sylvia Sob Saver, who solves or at least listens to any student problems and then answers their letters. The **Lancer** staff sponsors the paperback bookstore. This year regular advertising was added to the paper.

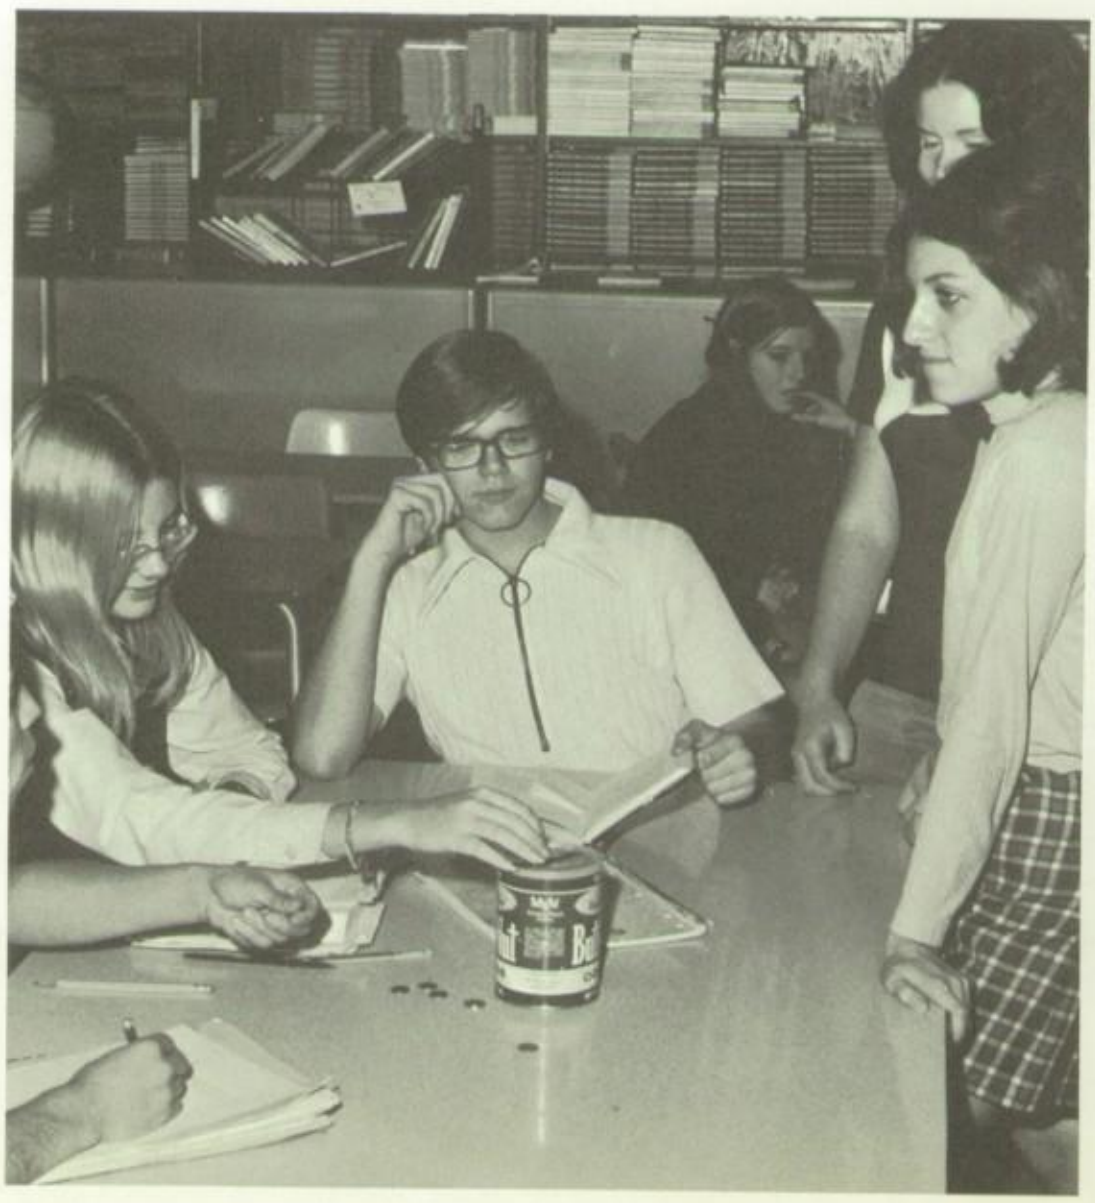
A.F.S. Sponsors Student

American Field Service International Scholarships is the sponsor of a program whereby a foreign student is able to live for a year in the West Leyden community. The club also hopes to sponsor a West Leyden student overseas for one year. This develops the personal association between individuals of different nations. It brings friendships between nations.

The AFS activities include the first dance of the year, the annual Charlie Brown Day, a Penny Drive, and an all school carnival.

The adult chapter is an important part of AFS. Their primary concern is finding parents for the students at West Leyden.



Student Exchange Day

Foreign exchange students, from other schools, visited West Leyden, as AFS presented "Foreign Exchange Day". Sitting in on classes and learning about the school, they had a chance to express their thoughts and feelings about their schools.

Area Foreign Exchange students come for a visit.

This year, Sylvia Leta is the popular AFS foreign exchange student. She came from Uruguay and now lives with Mr. and Mrs. Lisk. Lee Lisk is Sylvia's American companion and "big sister".

One of Sylvia's favorite hobbies is the guitar. She plays well and enjoys it.

This is the first year that Sylvia ever witnessed a snowfall. She says it is the most beautiful thing she has ever seen.

Sylvia is a girl who likes everyone and vice versa. She always drinks fresh grapefruit juice or milk and lemon juice, to remind her of home. Sylvia also loves animals. Very often you will find her playing with the family dog, Chi-Chi, or writing a long letter home to her folks.

Going to Alton, Ill., one of the most important tournaments, the Fresh-Soph team finished first in state competition and Varsity finished 10th out of 27 schools. Learning sessions were held every night to improve members techniques and to encourage all those who wished to join.

The purpose of the Mental Health Organization is to help students understand the problems of others and help them find out if they are interested in this field for a career. In October, the members went on a field trip to Elgin State Hospital. They also sponsored a clothing drive at Thanksgiving for the Elgin State Hospital. The rest of the year was spent going on monthly visits to Chicago State Hospital.

Theatre Guild encourages new theatre students in drama and sponsors the fall and spring plays. The fall play was **Out of the Frying Pan.** The spring play was **Romeo and Juliet.**

One significant change in Theatre Guild this year is that new members are pledges until they have gone to several workshops; then they are actives.

Theatre Guild goes on field trips to see live performances such as **School for Wives** and **Dark of the Moon** at Triton, and **Fiddler on the Roof** in the Loop. Theatre Guild also sponsored the one act plays in January.

Technical Theatre Guild

Brighten the lights; raise the platform. These same words are used every time the Technical Theatre Guild members get together.

Actors are not the only people who work at plays. Tech. Theatre builds the scenery, pastes signs and moves furniture for all the plays and musicals.

To complete these sets, members work on their free time as well as during school. They operate the lights for all music concerts and auditorium activitires.

"Out of the Frying Pan" is a play within a play. Six would-be actors, who live together, try desperately to get their play viewed by Aurthur Kenny, a prominent play producer.

The conflicts begin when Muriel, a friend from Dottie's hometown, threatens to expose the way Dottie is living. Mrs. Garnet, the landlady, adds to the confusion by always showing up at the wrong time to collect the rent. Mac and Joe, policemen, bring hysteria into the play by believing a murder has been committed. All ends well with Dottie marrying Norman.

This play was put on stage November 19 and 21 at 8 p.m. It was also shown on November 21 at 2 p.m.

French, Pan-Am, and German Club all promote knowledge and culture of the countries in which they are recognized. Each club sponsors a foreign teacher aide from an overseas country. Miss Carmina Carrosol from Colombia was the Spanish teacher aide for 1971.

Pan Am also participatès in several Mexican dinner parties during the year, one of them at a Spanish restaurant, the Los Amigos, which featured Spanish music. A home cooked Mexican meal at Mr. Allison's house was also arranged.

The French Club held a very successful fall dance. The main attraction was a huge Eiffel Tower above the door. The members also arranged for a caroling session, within the neighborhood at Christmas.

German club has not been very active except for sponsoring a teacher aide. The members plan to do more in coming years.

Cheerleaders '71-'72

The Sophomore and Varsity cheerleaders promoted school spirit. They cheered in the inner court on Fridays during the football season. Marcia Comp and Debbie Agnes attended summer cheerleading camps in the summer.

Making locker signs and cheering at football games and basketball games make up a great part of school spirit. The sophomore squad went to Indiana State University for cheerleading. Both squads do a great deal to support our teams.

Debbie Agness, Debbie Walker, Marcia Comp, and Cindy Virnich all are Senior Members on Varsity squad.

This Was The Place To Be

The 1971 Varsity Football team lived up to the recognition which they earned last season. They broke the five year homecoming jinx, beating Willowbrook 20-15. Fourteen new records were established this year.

Charlie Halan and Frank Fallon were team captains. Jay Bodine and Ron Lemanczyk were chosen as the most valuable players. Five players, Ron Lemanczyk, Charlie Halan and Frank Fallon for offense, Jay Bodine and Dan Rogala for defense, made all-conference. Four other awards were given to players for their efforts this year: Vito Andriola, Mr. 110%; Jay Bodine, Star Award; Jim Costantino, Hatchet Award; Ron Lemanczyk and Jay Bodine, 1000 yard club. As Coach Ohlson said, "The players have great pride."

They Came Out Fighting

The 1971 Sophomore Football team, coached by Dan Meyer, was not as successful as was hoped. This year's captains were Don Fitzgibbons and Larry Olson. Larry was named most valuable player. Their team despite the record, had a lot of potential and speed. Next year they will be able to combine their efforts with the seniors to try for a varsity victory.

No Lack Of Effort

This year's varsity cross country team, coached by Larry Crippin and Don Sage, had the largest number of underclassmen in the history of West Leyden. Ed Straith was their number one runner with seven places in the top five runners. The main thing that held the team down was their lack of depth. As Captain John Kingsmill remarked, "We're waiting for next year."

Soph. Team Tried

The 1971 Sophomore Cross-Country team was coached by Larry Crippin and Don Sage. "Although this group of boys had good experience and ability, the league was full of top-rate Sophomores so that competition was often very tough," explained Coach Crippin. Despite this, Captain Don Kingsmill placed eleven times in the top five, while Walter Davis placed eight times in the top five. The coaches have great expectations for this group of runners.

Frosh

The 1971 Freshmen Cross Country team was coached by Larry Crippin and Don Sage. Team was the largest ever. Runners like Mike Morrissey, Jeff Lynn, Jim Renella, Steve Meyers, and Pat Landrum were very successful. Coach Crippin commented that "These boys who entered high school with no experience at distance running have good devotion and enthusiasm and have begun preparation for next season by participating in the new West Leyden Running Club — 'Knights of the Oval.'"

This year's varsity team was coached by Darl Kriete. Even though this year's record was not as good as it was hoped, visiting college coaches commented that the individual players have promise. Tom Dore, a freshman, came up in the middle of the season. He should prove to be a big asset to future Leyden teams. The Knights won their first trophy in the Naperville Christmas Tournament, taking second place. The captains this year were Dan Pikel and Dan Rogala.

Mike Spejcher, the team's leading scorer with 388 points, not only made all conference, but also was the league's leading scorer with 267 points, leading the team with 224 rebounds!

The team's captains were Mike White and Larry Zerante. They were also chosen as the most valuable players. Larry Olsen was voted most inspirational. Tom Wrona and Ed Litwin also had good performances. As freshmen, it was said that they could help win a championship. With this year's Juniors, they might be able to make it.

Soph-Frosh Do Well

The Sophomore Wrestling team finished second in the standings. One of their outstanding wrestlers was Mike Patti, who won the Sophomore Waukegan Tourney. Keeping with West Leyden's standard of wrestling, they should prove valuable on next year's JV team.

Mr. Kapheim's Freshman Wrestling team placed third, averaged 33 points per match, scored 330 points in the season, and had 62 pins to only 46 for the opponents. The fastest pin, by Tom Manson was in 21 seconds. Dave Baron had 14 wins and pins; he also had the most points. The best overall wrestler was Ray Winkler with a 13-4 record.

Victory Beyond Reach

West Leyden's Gymnastic's team started the season with uneven odds because the trampolines were removed from the Leyden district's competition. Mr. Brown stated, "This team played together through the whole year even knowing that a victory was beyond reach." There were several outstanding individual varsity achievements. Jeff Hart, the most valuable player, had the highest score, 8.5, on the side horse in school history. On the rings, Frank Mallo had a 7.5. For free exercise Brent Smith had a 7.2 and Len Campbell had a 6.0.

Mike Beck was the most valuable sophomore player. He and John Mallo will be all-around men next year. With the trampolines back in competition, next year should be a good year.

Without the assistance of several key individuals and groups this volume XIV of Shield would not have been possible. Our thanks go to all the people who participated in the making of this yearbook. These include Mr. Thompson, of American Yearbook Co; Capri Studios for many great photographs and photographers who rushed us needed photographs; Mr. Heafey who took needed photographs for us on short notice; our staff who contributed many long hours during and after school typing, alphabetizing, indexing, and doing all the small necessary details; and to all the faculty members and coaches who returned their questionnaires on time.

A special thanks goes to Mr. McGowan, our sponsor and problem-solver, to Mrs. McGowan for having Christopher after our December deadline, and finally to all the editors who assembled and completed their pages on the day of the deadline or beforehand. Our thanks to all these people who helped to make volume XIV of Shield an unforgetable one.
